

10 Reasons *Not* to Give to IFAPAC

10. I'm really shy around sales people.
9. I'd rather spend my money on things I throw in the grocery cart at the last minute instead of my professional organization.
8. Tax the inside build-up on annuities and life insurance?!?! Why, Congress would never dream of such a thing!
7. I think the federal government would do a better job regulating the insurance business. Just look at what they've done with Social Security!
6. I think \$100 a year is far too big a commitment to protect my career.
5. I feel we need more adverse insurance legislation. The current work environment is not challenging enough.
4. National Health Care Insurance is inevitable. Why bother trying to defeat it.
3. I'm retiring soon. Let the newer agents take care of themselves.
2. The people currently giving now already contribute enough for all of us.
1. I want the U.S. Congress to run my business. I trust them to understand intuitively what I want without my input.

If you say you've never contributed to IFAPAC because no one ever asked you, make no mistake about it. You're being asked
right *now*.

It's time to do your part.
